5. Old Business
 - Spring CLE planning committee: The Chair provided an update on the CLE event scheduled for Friday, March 12th. It is ready to proceed. Eric Blaine is going to contact the Bar to ensure that the speakers were properly notified or informed on the technology on how to attend and present. The CLE will be completely virtual and will be presented live on Friday. It can be watched for 60 days afterward. Doug suggested we have the Bar publicize the ability to watch it after. Brad agreed that we may get more attendees because the reporting period for 2020 was extended four months and bar members may be looking for credits. The Chair did not know how many people signed up but will check. The Chair also discussed that there were requests for five scholarships. The request exceeded our budget for scholarships, but the remainder was covered by him and Doug.
6. New Business
 - Discussion on section Zoom account purchase. The Chair will contact the Bar to find out details and will report out later.
7. Next meeting: April 13, 2020 at 1:30 by video/teleconference.
